ABOUT ME

Creative and detail-oriented web designer with over 5 years of experience designing, developing, and maintaining WordPress websites. Proficient in HTML, CSS, Bootstrap, Figma, and Photoshop with a strong eye for modern design aesthetics and user experience. Adept at translating client requirements into functional, appealing, and responsive websites. I always love to get challenges & deliver solutions.

WORK EXPERIENCE

Web Designer   2020 - Pressent
Working at Fiverr Marketplace

I was a main Web Designer at Extreme Webbing. I have led the design and development of over 130 custom WordPress websites, enhanced site visibility, and created engaging, conversion-optimized landing pages. Also, I always tried to fix website issues. It Was an amazing experience for me.

Web Designer   2022 - 2023
Extreme Webbing I South Africa

I was a main Web Designer at Extreme Webbing Agency. I have led the design and development of over 130 custom WordPress websites, enhanced site visibility, and created engaging, conversion-optimized landing pages. Also, I always tried to fix website issues. It Was an amazing experience for me.
